British Paints®

Choosing colours

outside

choosing colours made easy

1 Collect inspirational images from magazines and websites, build a colour mood board, use the British Paints Colouriser™ to visualise your colour. Build your colour scheme using the British Paints® colour booklets or visit **britishpaints.com.au** and **britishpaints.co.nz**

2 Test your colour choice with *British Paints* colour chips or sample pots. This is the best way to accurately confirm how the colours will look in your space.

3 Choose your gloss level:

LOW SHEEN	Most popular for exterior walls
SEMI GLOSS	Medium gloss level that withstands frequent cleaning
GLOSS	Use to emphasise door and window trims

4 Record the name/s of your chosen colour on the back of this card alongside your *British Paints* products. Purchase your paint and handy tools from the paint aisle. Get started with helpful hints and tips at britishpaints.com.au and britishpaints.co.nz.

For maximum street appeal, don't forget to consider windows, doors and other structural features such as paving and the letter box.

outside

✓ 25 year guarantee*
✓ protection against mould, fungus and algae†
✓ defence against the suns blistering rays
✓ initial rain barrier

✓ 25 year guarantee*
✓ one coat on previously painted, similar colours
✓ paint and primer in one

sample pot

So you've chosen your colour scheme but don't know what to do next? Your colour choice is available in a British Paints® sample pot. A sample pot is the only way to accurately confirm how the colours will look in your home.

preparation

✓ sealer, primer, undercoat and stain blocking
✓ interior and exterior surfaces
✓ water based (oil based also available)

doors & trim

✓ smooth finish
✓ non yellowing
✓ low odour
✓ interior and exterior surfaces

✓ easy to apply
✓ no undercoat required on most surfaces
✓ hard wearing and resilient

Get started with your painting project

plan

1. Test your British Paints® paint colour with colour chips or sample pots.
2. Choose your gloss level.
3. Calculate amount of paint you need using the *British Paints* Paint calculator.

prep

1. Protect plants and garden beds with drop cloths.
2. Clean all surfaces from dirt, grime, mould and mildew. Mask windows, doors, trims and fittings with painter's tape.
3. Check the surface preparation requirements on can.

paint

1. Mix paint thoroughly with a broad flat stirrer.
2. Choose your painting method: Brush, spray or roll.
3. Apply 2 coats ensuring the first coat is completely dry. Check instructions on can.
